

Crowthers Bookkeeping

“Are you in financial control of your business?”

Crowthers Directors

“KashFlow makes accounting fun. It's simple to use and easy to run. Makes your entries simple to do. Puts all your problems behind you.”

Jan Hunt

Embracing cloud technology

We offer cloud bookkeeping for optimal financial control, maximising both efficiency and affordability.

Our simple to use software is compatible with any equipment that has an internet connection. This allows access anytime, anywhere. We can therefore work more closely with you to monitor your accounts in real time.

This cloud bookkeeping solution is designed to help meet the digital reporting requirements of HMRC for even the smallest business.

Our ultimate goal is to streamline your bookkeeping to improve management information and reduce the hassle of VAT returns and year end accounts.
